MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Representative John C. Marsh (D., Va.)

2. It was suggested that Mr. Marsh merely tell his story to Mr. Mahon and let the situation evolve. If the Chairman should question how he came to receive such extensive briefings, he should point to the fact of his unique position in the military and also indicate that knowledge on the part of various officials that Mr. Marsh was traveling at the direction of Mr. Mahon opened many doors.
